

Wi-Fi Videoscopes

W 2145

180° one way articulation
Stainless steel outer braided

- HD
- Long-lasting 6 hours operation

Snapshot/ Video record/
Power

USB Type-C charging port

Specifications

Item	Description
Dimensions	W207.5mm H35mm L50mm (w/o insert probe)
Weight	248g
Power source/ Battery	Rechargeable Li Battery, up to 6 hrs typical operation / 3hrs charging
Wi-Fi standard	IEEE 802.11 b/g/n, 2.4GHz
Antenna	Built-in
Transmission distance	0~10m (Typical open space)
Image format	1024x768 .jpeg
Video format	1024x768 .avi
Button	Snapshot, Video, Power
Working temperature	0°C~45°C
Storage temperature	-10°C~60°C
Charging working temperature	0°C~40°C
Drop resistance	1m
Certification	CE/FCC/TELEC/NCC

Probe

Item	Description
Probe head diameter	4.5mm
Probe length	1m
Articulation angle	right 180° ^(*)
Probe head material	stainless steel
Probe material	outer braided stainless steel
Light source	Front. Dimming control by App
FOV	90°
DOF	10mm~100mm
Working temperature	-10°C~60°C (Camera head)
Storage temperature	-10°C~60°C
Water proof	IP67

* The maximum articulation angle may degrade over time

* High temperature during charging/operation may cause battery degradation of performance and life
